

### Made in His Image

For us, Jesus saved His greatest creative skill and craftsmanship! He breathed life into our bodies and gave us the honor of bearing His image. We are the crown of His creation.

We were made in God's image to reflect God on Earth. We were made to love and do good. And we were made to talk with God—He hears our prayers!

Answers to verses: formed, made, dust, living  
Answer to number code: Only humans can talk, sing, play music, and make art!

## Are Humans and Chimps Related?

- ✓ Some people say humans and apes are closely related, but there are huge differences between us and all animals—including apes.
- ✓ Humans speak, but apes do not. Our brains, throat, vocal cords, and lungs are designed to work together for speech and even singing.
- ✓ Jesus built humans for walking and running, but apes are built for climbing. When apes walk, they prefer to walk on their knuckles.
- ✓ Look at a chimp's feet—it has hands for feet!
- ✓ Humans are made to walk upright. Our heads are right on top of our spines. Chimps are bent over. They were made to climb trees and swing from limbs.
- ✓ Jesus gave us hands that do precise things like write, draw, and play musical instruments. Our Creator is amazing!

## All Things New

God's once "very good" creation has been cursed by sin. People fight with each other, and so do many animals. All creatures eventually die.

Thankfully, Jesus loves us. His death on the cross paid the penalty for our sin. If we put our trust in Jesus, He gives us a new heart and comes to live in it. And one day, we can live with Him forever in a new world. Will animals be there? The Bible says yes!

All of creation waits for the Creator, Jesus Christ, to return and make things new. The good news is we will then be at peace with God and live forever in harmony with each other and animals. Will you trust Jesus as your Savior today?
